

LAYFLAT HOSE REEL UNITS

GROUNDHOG Systems offer a comprehensive range of Lay Flat Hose Reel Units to suit the needs of farmers and contractors. All Groundhog Hose Reelers have been developed over the years to give the user unrivalled performance and reliability. They are built to the highest standards to our industry proven designs. All reel units feature powerful hydraulic motor and chain reduction drive system c/w hydraulic pressure relief safety system. They all also feature an integrated residue liquid expeller and hose guide.

LINKAGE MOUNTED HOSE REEL UNITS

PAH 1200 M

PAH 900 IRR

Model	Nominal Reel Capacity (m)	Mounting Method	Wrapping Method	No. of 4" Spools	No. of 5" Spools	Nominal Spool Capacity (m)	Unladen Weight (Kg)	Laden Weight (Kg)*
PLH 600M	600	CAT II/III	STAGGER	3	/	200	360	1242
PAH 600M	600	A-Frame	STAGGER	3	/	200	360	1242
PLH 800M	800	CAT II/III	STAGGER	4	1°	200	460	1636**
PAH 800M	800	A-Frame	STAGGER	4	1°	200	460	1636**
PLH 1000H	1000	CAT II/III	STACK	2	3	200	665	2135**
PAH 1000H	1000	A-Frame	STACK	2	3	200	665	2135**
PLH 1200H	1200	CAT II/III	STACK	2	4	200	680	2444**
PAH 1200H	1200	A-Frame	STACK	2	4	200	680	2444**

* The **Laden Weight** is the **Gross Weight** and does not take into account any residual liquid present in the hoses.

** Assuming Reel is loaded with 4" hose – Add 110kg for each 5" length used.

° Optional

*All Capacities Quoted Are Nominal Capacities of **Drag** Quality Lay Flat Hose.*

TRAILED HOSE REELER UNITS

PTH 1200T

PTH 1000T

Model	Nominal Reel Capacity (m)	Mounting Method	Wrapping Method	No. of 4" Spools	No. of 5" Spools	Nominal Spool Capacity (m)
PTH 1000T	1000	Trailed	STACK	5	/	200
PTH 1200T	1200	Trailed	STACK	4	2	200
PTH 1500T	1500	Trailed	STACK	2	3	300
PTH 1800T	1800	Trailed	STACK	2	4	300

*NB. Machines can be built to accommodate other combinations of hose diameters.
All Capacities Quoted Are Nominal Capacities of **Drag** Quality Lay Flat Hose*

Accessories & Options

- Galvanised Spool

Mounted reel units only

- A-Frame Mounting
- Road Transport Bogey

Trailed reel units only

- Hydraulic Swinging Drawbar System
- Line Clearance Pump
- Rear Working Lights
- Pressed Steel Mudguards
- Plastic Toolbox
- Ultra Low Ground Pressure Running Gear
